## RFV100

### Electronic Article Surveillance

Consumption, reduce business operating costs, improve customer shopping experience, simple and generous appearance, powerful performance, complete functions, is the business super loss prevention system

### Characteristic

- Working Mode: TX+RX or MONO
- Used for anti-theft in supermarkets, clothing stores, retail stores, etc.

### Product Function

- Anti-theft label detection
- Sound and light alarm
- Auto synchronization
- Auto- adjusting Digital Signal Processing (DSP)
- Solid Aluminum frame

### Product Feature

- Ultra-far detection distance
- Stable hardware and software performance
- Strong anti-interference ability
- Super signal processing
- Energy saving and environmental protection

#### DIMENSIONS

Height: 1.55 METERS / 5.08 FEET  
 Width: 0.44 METERS / 1.443 FEET  
 Depth: 0.09 METERS / 0.311 FEET

#### AISLE WIDTHS

RF Label 1.2 - 1.4 Meters/3.9 Feet to 4.5 Feet  
 Hard tag 1.4 - 1.6 Meters/4.5 Feet to 5.2 Feet

#### FREQUENCY

8.2 MHz EU
